## Coaxial Fixed Attenuator

**P/N: JXWBSJ-T-0-5-250**

|                           |             |
|---------------------------|-------------|
| Frequency Range(GHz)      | DC-5        |
| Attenuation(dB)           | 30          |
| Peak Power(KW)            | 5           |
| Average Power(W)          | 250         |
| VSWR                      | 1.3         |
| Input Connector           | N-Female    |
| Output Connector          | N-Male      |
| Operating Temperature(°C) | -40 ~ +65   |
| Size(mm)                  | 240x160x100 |
| Weight(kg)                | 4           |
