Catalog numbers with the suffix X indicate an expanded insulation support. This means a wider wire entry to accommodate heavy wall insulation. Ring terminals won't fall free even if the mounting screw loosens.

Stock Thickness:
RA & RB = .03
RC = .04

Most standard bulk catalog numbers can be put on Mylar Tape for reel fed applications (i.e. 12050 tool and application dies). See pages 161- 162. Please put the suffix M for Mylar Tape RA2573M. (Bulk number 1000 and 500 packages.)
