NYLON COATED DIECAST BOX

No 462-0010A

278 - 981.

Diecast aluminium enclosures coated in a smooth, tough grey nylon with hard wearing attractive finish, for numerous uses, e.g. instruments electronic circuitry junction boxes etc.

The close fitting lid is secured by four or six (depending on box size) countersunk screws. An internal lip provides effective EMC screening.

The nylon coated boxes can be drilled or machined without affecting the finish.

MATERIAL

Aluminium alloy LM 24 to British Standard BS1490.

Screws: M 3.5 zinc plated steel, supadrive countersunk head, corflex N taptite.

Nylon coating 75-100 microns RILSAN nylon 11.

GENERAL WALL THICKNESS 1.6mm.
