

TL110A

717 1640

86

A compact size Toggle latch offering high strength with adjustability, the TL110 is vibration proof, provides for gasket pull up and, when unlocked, the hook on the latch stows flat to avoid catching on clothing and to avoid damage.

FINISH CODE

The following suffix number should be added to latch and strike part number to indicate finish/material required.

Zinc Plated	- No suffix	Example	TL110A
Black Zinc	- 13	Example	TL110-5-13
Stainless Steel	- 1	Example	TL110AX-1
Chrome Plated	- 5	Example	TL110-5-5

TECHNICAL DATA

Overall length (including strike)

TL110A : Min. 64,5 mm. Max. 72,5 mm

TL110AX : Min. 64,5 mm. Max. 72,5 mm
