

Inductor

Electrical Specifications at 25°C

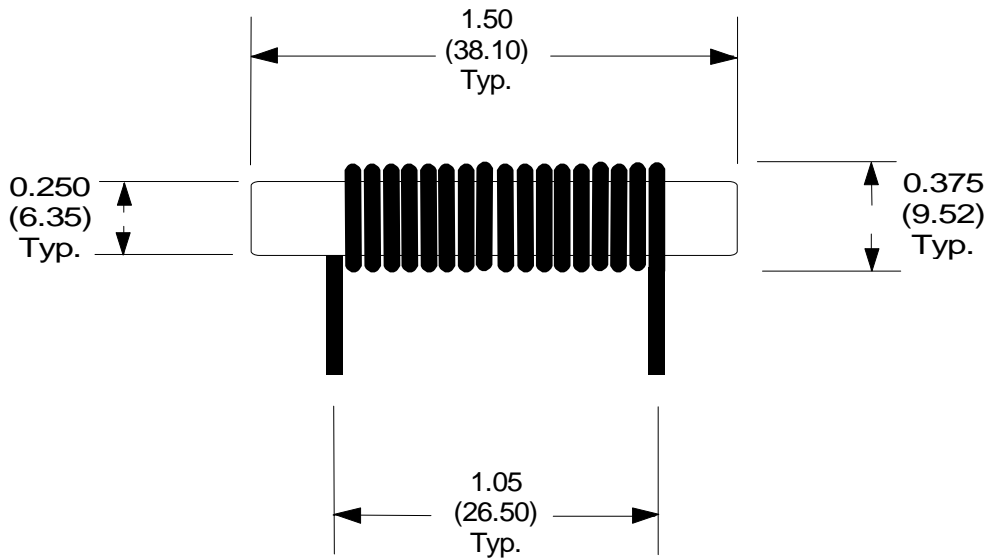

Parameter	Min.	Typ.	Max.	Units
Inductance *		8.8		μH
DCR		4.5		mΩ
Wire Diameter		.0571		In

* Tested at 100 mV, 10 kHz & 200Ma DC

Schematic Diagram

Physical Dimensions inches (mm)

Materials used in construction of this component meet or exceed UL Class B and can be operated up to 130° C
