Accessories

250 V~, 16 A

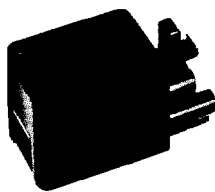

ST18/3

double screw connector
strain relief for two round cables
diameter 4.5–10.0 mm
or one flat cable

additional cover
for ST18/3 female/male combination

With this additional cover, ST 18/3pole fulfills the requirements of standards VDE 0700, IEC 335, EN 60335. It makes the interlock between the male and female connector only separable with the help of a tool.

male part assembled
with strain relief without locking device
