POWER CONVERSION

SBC SERIES ISOLATED
SINGLE OUTPUT NON-REGULATED

DC-DC 1WATT The VeroPower SBC series are sub-miniature single output high efficiency isolated DIP or SIL dc-dc converters. Designed to be driven from a regulated supply, these units are intended to provide additional voltages locally avoiding the need for a multi-output power supply source.

All specifications are typical at nominal line, full load and 25°C unless otherwise stated.

INPUT SPECIFICATION

Input voltage: Note 1 (DC)	5V
Input voltage range (all models):	±10%

OUTPUT SPECIFICATION

Output voltage for each input voltage:Note 2 (DC)	5V, 12V, 15V
Voltage accuracy at 50% load (all models):	see voltage tolerance graph
Ripple (typical at 20MHz bandwidth):	110 mV p-p
Short circuit protection:	short term

REGULATION

Ĺ	ine 10% - 100% full load (all models):	1,2% /1% V _{IN}
L	oad 10% - 100% full load (all models):	±10%

ISOLATION

Resistance:	10 ⁹ Ω	
Voltage min:	1000 VDC	

ENVIRONMENTAL SPECIFICATION

Temperature - operating:	-50°C to +100°C		
Temperature - storage:	-55°C to +110°C		
Derating: (from 70°C)	for temperatures outside operating range contact technical sales		

PHYSICAL SPECIFICATION

Dimensions (mm max)	SIL: 11,5 wide x 6,0 deep x 10,0 high		
	DIL:	11,5 wide x 9,8 deep x 6,8 high	
Weight:	SIL / DIL:	1,5g	
Case material:		non-conductive plastic to UL94-V0	

Note: 24V and 48V input versions are available to special order - please contact Technical Sales

Note 2 Alternative output voltages are available to special order - please contact Technical Sales

Artin an indicate

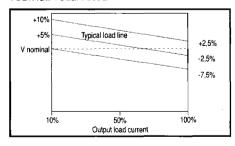

FEATURES

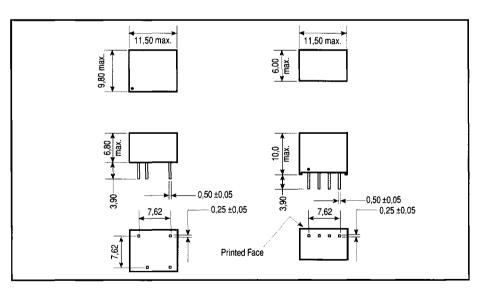

- PCB mountable
- 1000 VDC isolation
- No derating to 70°C
- ▶ High efficiency up to 80%
- 100% burned in
- Triple tested
- Low profile
- SIP and DIP styles
- MTBF typically >500000 hours at 25°C
- 12 MONTH WARRANTY

PIN ALLOCATION

SIL	Function	DIL	Function
1	GND _{IN}	1	GND _{IN}
2	Vcc	4	Vcc
3	0V _{out}	5	+V _{out}
4	+V _{OUT}	7	0V _{OUT}

VOLTAGE TOLERANCE

VEROPOWER SBC SERIES 1W CONVERTER

Ordering information

	Order code		
Output Voltage/Current	5 VDC input SIL	5 VDC input DIL	
5V/200mA	153-001101D	153-001104C	
12V/84mA	153-001102L	153-001105K	
15V/67mA	153-001103G	153-001106F	

Supplied as Pkt. 10 pcs.

Alternative outputs to special order - typically 8 weeks delivery.
